

Dr. Subrata Saha is presently a Research Professor in the Department of Biomedical Engineering at the Florida International University in Miami, Florida and an Affiliated Professor in the Department of Restorative Dentistry and the Department of Oral and Maxillofacial Surgery at the University of Washington, in Seattle, Washington.

He was previously the Director of Musculoskeletal Research and Research Professor in the Department of Orthopaedic Surgery & Rehabilitation Medicine, and the Director of the Biomedical Engineering Program in the School of Graduate Studies at SUNY Downstate Medical Center in Brooklyn, New York. Previously, he was a faculty member at Loma Linda University, Clemson University, Alfred University, and Yale University.

Dr. Saha received a BS in Civil Engineering from Calcutta University in 1963, an MS in Engineering Mechanics in 1969 from Tennessee Technological University, and Engineering and PhD degrees in Applied Mechanics from Stanford University in 1972 and 1974, respectively. He has been a faculty member at Yale University, Louisiana State University Medical Center, Loma Linda University, Clemson University, and Alfred University. Dr. Saha has received many awards from professional societies, including Orthopedic Implant Award, Dr. C. P. Sharma Award, Researcher of the Year Award, C. William Hall Research Award in Biomedical Engineering, Award for Faculty Excellence, Research Career Development Award from NIH, and Engineering Achievement Award. He is a Fellow of The Biomedical Engineering Society (BMES), The American Society of Mechanical Engineers (ASME), and the American Institute for Medical and Biological Engineering (AIMBE).

He has received numerous research grants from federal agencies (NIH and NSF), foundations, and industry. Dr. Saha is the founder of the Southern Biomedical Engineering Conference Series. He also started the International Conference on Ethical Issues in Biomedical Engineering. Dr. Saha has published over 90 papers in journals, 35 book chapters and edited volumes, 347 papers in conference proceedings, and 84 abstracts. His research interests are bone mechanics, biomaterials, orthopedic and dental implants, drug delivery systems, rehabilitation engineering, and bioethics.

Dr. Saha is presently the Editor-in-Chief of the *Journal of Long-Term Effects of Medical Implants* and Associate Editor of the *International Journal of Medical Implants & Devices* and was an Associate Editor of the *Annals of Biomedical Engineering* and *Trends in Biomaterials and Artificial Organs*. He has been a Member of the Editorial Boards of many journals, including *Journal of Biomedical Materials Research*; *Medical Engineering and Physics*; *Journal of Applied Biomaterials*; *Medical Design and Material*; *Biomaterials*, *Artificial Cells*, and *Immobilization Biotechnology*; *Biomaterials*, *Medical Device and Artificial Organs*; *Journal of Bioengineering*, *Biotelemetry and Patient Monitoring*; *Journal of Basic & Applied Biomedicine* and *TM Journal*.
